MANAGEMENT PROXY CIRCULAR
for the Annual and Special Meeting of Shareholders
to be Held on June 22, 2010

Solicitation of Proxies

This information circular - proxy statement is furnished in connection with the solicitation of proxies by or on behalf of the management of Madalena Ventures Inc. ("**Madalena**" or the "**Company**") for use at the annual and special meeting (the "**Meeting**") of shareholders (the "**Shareholders**") to be held at Burnet, Duckworth & Palmer LLP, 1400, 350 – 7 Avenue, S.W., Calgary, Alberta, Canada T2P 3N9 on June 22, 2010 at 10:00 am (Calgary time), and any adjournment thereof for the purposes set forth in the accompanying Notice of Meeting. Only holders of common shares of the Company ("**Shareholders**") of record on May 21, 2010, are entitled to notice of, to attend and to vote at the Meeting, unless a shareholder has transferred any shares subsequent to that date and the transferee shareholder, not later than 10 days before the Meeting, establishes ownership of the shares and demands that the transferee's name be included on the list of shareholders.

The instrument appointing a proxy must be in writing and must be executed by you or your attorney authorized in writing or, if you are a Company, under your corporate seal or by a duly authorized officer or attorney of the Company.

The persons named in the enclosed instrument of proxy are directors and/or officers of the Company. As a shareholder submitting a proxy you have the right to appoint a person (who need not be a shareholder) to represent you at the Meeting other than the person or persons designated in the instrument of proxy furnished by the Company. To exercise this right you should insert the name of the desired representative in the blank space provided in the instrument of proxy and strike out the other names or submit another appropriate proxy. In order to be effective, the proxy must be mailed so as to be deposited at the office of the Company's transfer agent, Alliance Trust Company, 450, 407 – 2nd Street SW, Calgary, Alberta T2P 2Y3 (facsimile: 403-237-6181) not later than 4:30 p.m. (Calgary time) on the second last business day preceding the date of the Meeting or any adjournment thereof. No instrument appointing a proxy shall be valid after the expiration of twelve (12) months from the date of its execution.

Advice to Beneficial Holders

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of the Shareholders do not hold Common Shares in their own names. Shareholders who do not hold their Common Shares in their own names ("**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of the Company as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of the Company. Such Common Shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominees for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, the broker/nominees are prohibited from voting Common Shares for their clients. The Company does not know for whose benefit the Common Shares registered in the name of CDS & Co. are held. Therefore, Beneficial Shareholders cannot be recognized at the Meeting for the purposes of voting the Common Shares in person or by way of proxy except as set forth below.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (formerly ADP Investor Communication Services) ("**Broadridge**") in the United States and Canada. Broadridge typically applies a special sticker to proxy forms, mails those forms to the Beneficial Shareholders and requests the Beneficial Shareholders to return the proxy forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be

represented at the Meeting. **A Beneficial Shareholder receiving a proxy from Broadridge cannot use that proxy to vote Common Shares directly at the Meeting as the proxy must be returned as directed by Broadridge well in advance of the Meeting in order to have the Common Shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his or her broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered Shareholder and vote Common Shares in that capacity. Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered Shareholder should enter their own names in the blank space on the form of proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Revocability of Proxy

You may revoke your proxy at any time prior to a vote. If you, or the person you give your proxy, attend personally at the Meeting, you or such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by an instrument in writing executed by you or your attorney authorized in writing or, if you are a Company, under your corporate seal or by a duly authorized officer or attorney of the Company. To be effective the instrument in writing must be deposited at the registered office of the Company at Suite 200, 441 - 5th Avenue SW, Calgary, Alberta, Canada T2P 2V1, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the chairman of the Meeting on the day of the Meeting, or any adjournment thereof.

Persons Making the Solicitation

This solicitation is made on behalf of management of the Company. The Company will bear the costs incurred in the preparation and mailing of the form of proxy, notice of annual meeting and this information circular - proxy statement. In addition to mailing forms of proxy, proxies may be solicited by personal interviews, or by other means of communication, by directors, officers and employees of the Company who will not be remunerated therefor.

Exercise of Discretion by Proxy

The Common Shares represented by proxy in favour of management nominees will be voted on any poll at the Meeting. Where you specify a choice with respect to any matter to be acted upon, the Common Shares will be voted on any poll in accordance with the specification so made. **If you do not provide instructions, your Common Shares will be voted in favour of the matters to be acted upon as set out herein. The persons appointed under the form of proxy that the Company has furnished are conferred with discretionary authority with respect to amendments or variations of those matters specified in the form of proxy and notice of annual meeting and with respect to any other matters which may properly be brought before the Meeting or any adjournment thereof. At the time of printing this information circular - proxy statement, management of the Company knows of no such amendment, variation or other matter.**

Appointment of Auditors

Unless otherwise directed, it is management's intention to vote the proxies in favour of an ordinary resolution to appoint the firm of KPMG LLP, Chartered Accountants, Calgary, Alberta, to serve as auditors of the Company until the next annual meeting of shareholders and to authorize the directors to fix their remuneration as such. KPMG have been the Company's auditors since November 3, 2006.

Approval of Stock Option Plan

The policies of the TSX Venture Exchange require the Company to obtain shareholder approval of the Company's stock option plan (the "**Plan**") on an annual basis. Accordingly, at the Meeting, shareholders will be asked to consider and, if deemed advisable, ratify and approve the Company's Plan.

The Plan includes the following:

1. the total number of Common Shares issuable pursuant to the Plan shall not exceed 10% of the aggregate of the issued and outstanding Common Shares on the date of grant;
2. the number of Common Shares reserved for issuance, within a one-year period, to any one optionee shall not exceed 5% of the number of issued and outstanding Common Shares;
3. the maximum number of Common Shares reserved for issuance pursuant to options ("**Options**") granted to Insiders at any time may not exceed 10% of the number of issued and outstanding Common Shares;
4. the maximum number of Common Shares which may be issued to insiders, within a one-year period, may not exceed 10% of the number of issued and outstanding Common Shares;
5. the maximum number of Common Shares which may be issued to any one insider and the associates of such insider, within a one-year period, may not exceed 5% of the number of issued and outstanding Common Shares; and
6. the exercise price of any Option subject to the Plan shall not be less than the current market price of the Common Shares, which shall mean the most recent closing price per share for Common Shares on the last trading day preceding the date of grant on which there was a closing price on the TSX Venture Exchange (or if the Common Shares are not listed on the TSX Venture Exchange, on such stock exchange as the Common Shares are then traded).

Accordingly, at the Meeting, the following resolution, with or without variation relating to the approval of the Company's Plan will be placed before the shareholders:

"BE IT RESOLVED THAT:

- (a) the stock option plan of the Company is hereby authorized and approved; and
- (b) any director or officer of the Company be and is hereby authorized and directed to do such things and to execute and deliver all such instruments, deeds and documents, and any amendments thereto, as may be necessary or advisable in order to give effect to the foregoing resolutions, and to complete all transactions in connection therewith."

In order to be passed, the foregoing resolution must be approved by the affirmative vote of a simple majority of the votes cast by the shareholders who vote in person or by proxy at the Meeting. **The persons named in the accompanying Instrument of Proxy intend, unless otherwise directed, to vote in favour of the resolution approving the Company's Plan.**

As at the date hereof, the following activity in the Plan has taken place:

Total Options approved	17,844,995
Options issued	21,605,000
Options exercised	(2,200,000)
Options canceled	(4,400,000)
Options expired	nil
Options available for future grant	<u>2,839,995</u>

There are currently Options issued to acquire an aggregate of 15,005,000 Common Shares representing approximately 8.41% of the Company's currently issued and outstanding Common Shares.

Amendment to Articles

Holders of Common Shares will be asked at the Meeting to consider and, if deemed advisable, to approve a special resolution to amend the Articles of the Company to allow the directors, between annual general meetings, to appoint one or more additional directors of the Company to serve until the next annual general meeting, provided the number of additional directors shall not at any time exceed 1/3 of the number of directors who held office at the expiration of the last annual meeting of the Company. Management of the Company proposes the foregoing amendment to provide the Board with greater flexibility with respect to its constitution, subject to the limitations of applicable corporate law. Management is of the view that many, if not most, publicly traded oil and gas companies allow their Boards this ability to appoint a limited number of additional directors between annual general meetings to add expertise or allow institutional representation should the opportunity or need arise. The proposed amendment brings the constating documents of the Company in line with its industry peers and provides the Board with the flexibility it needs to consider future additions.

The text of the special resolution is set forth below:

"BE IT RESOLVED as a special resolution of the Corporation that the Articles of Madalena Ventures Inc. (the "**Company**") be amended and restated pursuant to subsection 173(1)(n) of the *Business Corporations Act* (Alberta) to amend the Articles of the Company to allow the directors, between annual general meetings, to appoint one or more additional directors of the Company to serve until the next annual general meeting, but the number of additional directors shall not at any time exceed 1/3 of the number of directors who held office at the expiration of the last annual meeting of the Company."

The special resolution requires the approval of 66 2/3% of the votes cast by holders of Common Shares in person or by proxy at the Meeting in respect thereof. The persons appointed under the form of proxy furnished by the Company will vote such proxies, unless directed to the contrary, in favour of the special foregoing resolution.

Voting Shares and Principal Shareholders

The authorized share capital of the Company consists of an unlimited number of Common Shares without nominal or par value. As at the date hereof, there are 178,449,952 Common Shares issued and outstanding.

To the best of the Company's knowledge and based on existing information, as at the date hereof, there are no persons who own or exercise control or direction over, directly or indirectly, more than 10% of the outstanding Common Shares.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive and Employee Compensation Principles

The Board of Directors recognizes that Madalena's success depends greatly on its ability to attract, retain and motivate superior performing employees at all levels, which can only occur if Madalena has an appropriately structured and executed compensation program. The principal objectives of Madalena's compensation program are as follows:

- (a) to attract and retain qualified officers and employees;
- (b) to align officer and employee interests with those of the shareholders; and
- (c) to reward both demonstration of leadership and performance as measured against specific objectives.

Composition and the Role of the Compensation Committee

The Board has established a Compensation Committee (the "**Committee**") currently comprised of Messrs. Lock, Smith and Reid. The entirety of the Committee is considered "independent" for the purpose of National Policy 58-201 – *Corporate Governance Guidelines*.

The Company's compensation philosophy is aimed at attracting and retaining quality and experienced people which is critical to the success of the Company for the benefit of its shareholders. Employee compensation, including officer compensation, is comprised of three elements: base salary, short-term incentive compensation (cash bonuses) and long-term incentive compensation (Options). The CEO and the Committee review all three components in assessing the compensation of individual officers and of the Company as a whole. Salaries and bonuses are intended to provide current compensation and a short-term incentive for employees to meet the Company's goals, as well as to remain competitive with the industry that possesses a competitive hiring environment, particularly in relation to companies of Madalena's size. The Company's compensation policies have allowed the Company to attract and retain a team of motivated professionals and support staff working towards the common goal of enhancing shareholder value. The CEO together with the Committee and the Board will continue to review compensation policies to ensure that they are competitive within the petroleum and natural gas industry and consistent with the performance of the Company. Options are granted as a long-term incentive and to encourage commitment to the Company.

When determining executive compensation, including the assessment of the competitiveness of the Company's compensation practices, the Committee reviews the compensation information available in the public domain from companies with similar production, operation size and scope as the Company. Some of the salary information available in the public domain with respect to these companies can be outdated and therefore the Company may also obtain industry reports providing salary levels. The industry reports provide general information about levels of compensation in the oil and gas industry or with respect to specific professions and not specific metrics about companies in the Company's peer group. Based on the information available, the Committee believes the total compensation for the Company's officers for 2009 is consistent with companies in the Company's peer group.

The CEO makes recommendations to the Committee with respect to compensation for the officers of the Company including the CEO. If approved by the Committee, the Committee then makes recommendations to the Board for final approval. When making such recommendations, the CEO may analyze a number of factors, including compensation data compiled from the Company's peer groups, corporate performance and individual officer performance. In assessing corporate performance, the Company does not have any pre-determined set targets, but the following factors are considered: (a) the Company's performance relative to its industry peer group; (b) year-over-year growth in production and reserves; (c) cash flow and cash flow per share amounts; (d) total operating costs and total general and administrative costs; and (e) annual finding, development and acquisitions costs. In assessing the performance of individual officers, consideration is given to objective factors such as level of responsibility, experience and expertise, as well as subjective factors such as leadership and performance in such officer's specific role with the Company.

Each element of the Company's executive compensation program is described in more detail below.

Base Salaries

The Committee recognizes that the size of the Company prohibits base salary compensation for officers from matching those of larger companies in the petroleum and natural gas industry. The Committee does believe, however, that performance-based compensation plans are an important element in the compensation packages for the Company's officers, and that long-term equity interests, in the form of Options, compensate for lower base salaries. This compensation strategy is similar to the strategies of many other companies in the Company's peer group.

Base salaries for officers, including the CEO, are established by the Committee at levels comparable to base salaries paid by the Company's industry peer group. In assessing comparability, the Company relied upon salary and other remuneration data provided by an independent human resources consulting firm and a review of base salary amounts as disclosed by industry peers in their public disclosure documents. Consideration was given to the time period evaluated in industry surveys and public data and to the business climate applicable at the time with respect to industry demand for experienced personnel. Salaries of officers, including that of the CEO, are reviewed annually.

Bonuses

The Company does not have a formal bonus plan but may award discretionary bonuses. The award of a bonus is recommended, in all cases (excluding the CEO), by the CEO and, if approved by the Committee, then recommended to the Board for final approval. The CEO's bonus is established by the Committee in consultation with the Board. Bonus awards are ultimately at the discretion of the Board upon recommendation of the Committee, based on corporate, departmental and individual performance. The discretionary bonus plan is structured to drive and reward current year results. The amount paid in 2009 was based on the Committee's subjective assessment of the Company's and departmental performance for the year and the employee's contribution thereto. There were no bonuses paid to Named Executive Officers (as defined below) in 2009.

Long-Term Incentive Compensation - Options

Refer to section: "Outstanding Share-Based Awards and Option-based Awards" for a discussion on the Company's approach to issuing Options.

Pension Plans and Retiring Allowances

The Company does not currently provide its officers, including the CEO, with pension plan benefits or retiring allowances.

Option-Based Awards

The Plan permits Madalena to issue Options to its directors, officers, employees and consultants in an aggregate of up to ten (10%) percent of the issued and outstanding share capital of the Company, from time to time, in accordance with the policies of the TSXV.

Options are normally awarded by the Board upon the commencement of employment with the Company based on the level of responsibility within the Company. Additional grants may be made periodically to ensure that the number of Options granted to any particular individual is commensurate with the individual's level of ongoing responsibility within the Company. When determining Options to be allocated to each individual officer a number of factors are considered including the number of outstanding Options held by such officer, the value of such Options held by the officer and the total number of available Options for grant.

Although, as mentioned above, Options are an important means of compensating officers and employees and aligning the interests of officers and employees with the interests of the shareholders, in recent years, Options have not been meeting their objective of providing a form of long-term incentive. As with many companies in the Company's peer group, due to falling stock prices of companies in the oil and gas industry, outstanding Options have little retention value. This factor is taken into consideration by the Committee when evaluating appropriate total executive compensation and in some cases the individual salaries and bonuses are adjusted accordingly in order to continue to attract and retain quality and experienced people.

Option grants and proposed grants for employees and officers are reviewed and discussed from time to time by the Committee and the Board. The Committee, as part of its mandate, administers the Plan approved by the Board in accordance with its terms including a recommendation to the Board of the grant of Options. The Committee also reviews and makes recommendations to the Board pertaining to Options for officers, including the CEO, and members of the Board.

Stock Option Plan

Madalena has adopted the Plan pursuant to which Options may be granted to our directors, officers, employees, consultants and other service providers (collectively, "**Madalena Service Providers**").

The purpose of the Plan is to develop the interest of Madalena Service Providers in the growth and development of the Company by providing them the opportunity through Options to acquire an increased proprietary interest in the Company. Options granted pursuant to the Plan have a term not exceeding five years and vest in such manner as determined by the Board.

The total number of Common Shares reserved for issuance pursuant to the Options granted and outstanding under the Plan at any time shall not exceed a number of Common Shares equal to 10% of the aggregate number of issued and outstanding Common Shares.

Options are not transferable or assignable except in accordance with the Plan and the holding of Options shall not entitle the holder to any rights as a security holder.

Pursuant to option agreements entered into in respect of outstanding Options, on a change of control of the Company (as defined therein), the vesting of Options granted thereunder are accelerated. Based on the closing price of the Common Shares at December 31, 2009, 1,600,000 Options held by the NEOs were "in the money" at such date. In addition, in the event of certain events such as a liquidation or dissolution of the Company or a reorganization, plan of arrangement or consolidation of the Company with one or more entities as a result of which the Company is not the surviving entity, the Board of Directors may exercise its discretion to permit accelerated vesting of Options on such terms as the Board sees fit and, in the event of an acceleration of vesting, to cause the Options to terminate after the end of the period of accelerated vesting, even if such termination is prior to the end of the normal exercise period. The Plan also provides for (i) termination of all unvested Options upon termination of a Service Provider for any other reason, other than death, and termination of all vested Options at the earlier of dates ranging from 30 days to 90 days (depending on the particular stock option agreement entered into with the Madalena Service Provider) from the date of cessation as a Madalena Service Provider or the end of the applicable exercise period, and (ii) in the case of death, the Madalena Service Provider is entitled to exercise those Options which such person was entitled to exercise on the date of the death within the earlier of ninety days from the date of death of the end of the exercise period. Except as set forth above, the Plan allows for the Committee to amend or discontinue the Plan at any time, provided that no such amendment may, without the consent of optionee, alter or impair any Option previously granted to an optionee under the Plan and provided further that any amendment to the Plan is subject to prior approval of the TSXV, if required, and approval of the shareholders of Madalena, if required.

Pension Plans and Retiring Allowances

The Company does not currently provide its executive officers, including the Chief Executive Officer, with pension plan benefits or retiring allowances.

Termination and Change of Control Benefits

At December 31, 2009 Madalena had employment agreements (the "**Employment Agreements**") and stock option agreements (the "**Option Agreements**") with Messrs. Broadhurst, Warkentin, and Ford. On February 1, 2010, the Company appointed Anthony J. Potter to the office of Vice President, Finance and Chief Financial Officer of the Company. The former Vice President, Finance and Chief Financial Officer, Gregory J. Ford, resigned from the Company effective February 1, 2010. Mr. Potter has entered into employment and stock option agreements similar to those in place with Mr. Ford.

The Employment Agreements provide that the Employment Agreement, and the Executives employment, may be terminated by the Company (for reason other than "just cause") at any time upon the payment of a "retiring allowance", and upon the execution of a release by the executive in favor of the Company (the "**Release**").

The retiring allowance is equal to the sum of;

- (i) one hundred and fifty percent (150%) of the combined amount of the executive's annual base salary as at the termination date and any annual bonus received by the executive in the twelve month period immediately preceding the termination date; and
- (ii) plus 20% of the executives annual base salary as at the termination date to compensate the Executive for the loss of executive benefits.

The Release releases Madalena from any claims which are related to the employment relationship including the termination of the employment relationship, or are in any way related to the *Alberta Employment Standards Code* or the *Alberta Human Rights, Citizenship and Multiculturalism Act*.

The Employment Agreement also provides that the executive may elect to terminate the Employment Agreement during the six months following any one of the following events:

- (a) a change of control (as such term is defined in the Employment Agreements);
- (b) if the executive's duties, powers, rights or salary are fundamentally diminished; and

- (c) upon any failure by the Company to continue to provide the Executive with any, or reasonably equivalent, benefit, bonus, profit sharing, incentive, remuneration or compensation plan, stock ownership or purchase plan, stock option plan, warrant ownership rights, life insurance, disability plan, pension plan or retirement plan in which the executive was entitled to participate in, or if the Company has taken any action which adversely affects the executive's rights or participation in any such plans.

If the executive elects to terminate the Employment Agreement on the occurrence of any of the above events, the Executive is entitled to the above mentioned retiring allowance.

Compensation and payment levels in the Employment Agreements were based primarily on compensation information available in the public domain from companies with similar production, operation size and scope as the Company along with subjective factors such as leadership and performance in such officer's specific role with the Company.

The Option Agreements provide for termination and change of control benefits as describe above under the heading "*Stock Option Plan*".

Assuming the above mentioned triggering events were effective December 31, 2009 each NEO would receive an amount equal to \$272,850 and would be allowed to immediately exercise their outstanding Options. Based on the closing price of the Common Shares at December 31, 2009, 1,600,000 Options held by the NEOs were in the money at such date.

Pursuant to the Employment Agreements, the salary paid to each executive is subject to an annual salary review. Each executive is entitled to participate in and receive rights and benefits under the Stock Option Plan and the executive is also entitled to participate in the executive bonus plan.

Director Compensation

Directors of Madalena were not paid any compensation in 2009. Directors were reimbursed for out-of-pocket expenses incurred in carrying out their duties as directors. Each of the Company's non-management directors also participated in the Company's stock option plan.

Directors' Summary Compensation Table

The following table sets forth for the year ended December 31, 2009, information concerning the compensation paid to our directors other than directors who are also Named Executive Officers.

The fair value of the award has been determined using the same methodology and assumptions used in calculating the stock-based compensation in the Company's financial statements. The Company applies the Black-Scholes option pricing model to determine the fair value of the award. The Company used the following assumptions to determine the value of the award recorded above: Dividend Yield – nil; Expected life – 3 years; Volatility – 171%; Risk Free Interest Rate – 0.92%.
- (2) Mr. Lawson resigned as a member of the Board of Directors of the Company on January 15, 2009.

SCHEDULE "A"

AUDIT COMMITTEE MANDATE

Our Audit Committee Charter outlines the specific roles and duties of the Committee's members.

GENERAL FUNCTIONS, AUTHORITY, AND ROLE

The Audit Committee is a Committee of the Board of Directors appointed to assist the Board in monitoring (1) the integrity of the financial statements of the Company, (2) compliance by the Company with legal and regulatory requirements related to financial reporting, (3) qualifications, independence and performance of the Company's independent auditors, and (4) performance of the Company's internal controls and financial reporting process.

The Audit Committee has the power to conduct or authorize investigations into any matters within its scope of responsibilities, with full access to all books, records, facilities and personnel of the Company, its auditors and its legal advisors. In connection with such investigations or otherwise in the course of fulfilling its responsibilities under this charter, the Audit Committee has the authority to independently retain special legal, accounting, or other consultants to advise it, and may request any Officer or employee of the Company, its independent legal counsel or independent auditor to attend a meeting of the Audit Committee or to meet with any members of, or consultants to, the Audit Committee. The Audit Committee also has the power to create specific sub-committees with all of the investigative powers described above.

The Company's independent auditor is ultimately accountable to the Board of Directors and to the Audit Committee; and the Board of Directors and Audit Committee, as representatives of the Company's shareholders, have the ultimate authority and responsibility to evaluate the independent auditor, and to nominate annually the independent auditor to be proposed for shareholder approval, and to determine appropriate compensation for the independent auditor. The responsibilities of a member of the Audit Committee are in addition to such member's duties as a member of the Board of Directors.

While the Audit Committee has the responsibilities and powers set forth in this charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete, accurate, and in accordance with generally accepted accounting principles. This is the responsibility of management and the independent auditor. Nor is it the duty of the Audit Committee to conduct investigations, to resolve disagreements, if any, between management and the independent auditor (other than disagreements regarding financial reporting), or to assure compliance with laws and regulations or the Company's own policies.
